

Vision. Expertise. Results.

Client Solution

Industry: Manufacturing
Company Size: 100 Employees
Estimated Annual Revenue: \$1.8 Million

Challenges:

- Inventory and job costing information managed through spreadsheets
- Finding funding and grant programs to aid in implementation costs
- System in place lacked the ability to create efficiencies and effective processes
- Needed a partner that had an extensive background in the manufacturing and packaging industries

Solution:

- Epicor Vantage
 - Estimating/quoting
 - Financials
 - Data Collection

Competition:

- Other Epicor Partners
- Industry Specific Solutions

Benefit to Client:

- Replacement of archaic management of inventory and job costing allows for more accurate information and up to date data at their fingertips
- Secured grant funding with guidance from Second Foundation that enabled them to implement their new ERP system
- Processes put in place saved company substantial time and money and poised them for continued growth and success

Benefit to Epicor:

- 22K NLR (2005)
