

Real Time Access into Key Business Metrics

"We chose Second Foundation for their internal expertise and their ability to meet our timetable."

Susann Elo, Finance Business Analyst,
Semex Alliance

Semex Alliance is an internationally recognized genetic partnership providing dairy producers with high quality genetics, headquartered in Guelph. With over 1800 bulls in multiple countries globally, Semex is the largest A.I. cooperative in the world. "Our ERP team needed a partner that knew Dynamics™ NAV inside and out to help us deploy it to our eight subsidiaries worldwide," states Susann Elo, Finance Business Analyst. "We chose Second Foundation for their internal expertise and their ability to meet our timetable."

Mark Anley, IT Business Analyst adds: "The Second Foundation team helped us restructure our system to more efficiently deal with the localization and language layers required in each of our offices."

"Semex is committed to their Microsoft technology strategy and Second Foundation is helping them leverage that investment," states Dave Popowich. "The flexibility offered by Dynamics™ NAV, provides real time access to their key business metrics for their staff to keep everyone up to date."

When you need to consolidate multiple locations, restructure your ERP or financial system to be more efficient, or have better visibility to your organizational data call Second Foundation today.
