

Vision...Expertise...Results

Winner of the 2009 IMPACT Award  
Business Solution - Finance (ERP)  
Provider of the Year

**Required Immediately:**  
**GP Implementation Consultant**

*Second Foundation provides relevant industry-specific software solutions for the Food, Agriculture, Retail, Industrial Manufacturing, and Professional Services sectors. We build on existing business foundations and processes to creatively help a company plan their future and improve cash flow and profitability. We provide clients with trusted guidance and choice through our knowledge of accounting controls, business processes and technology. Combined with a creative and proactive consulting approach, these are the building blocks we use to deliver our focused solutions.*

Join a 17 year culture of achievement through teamwork and learning. Recognized as a Microsoft Dynamics Partner of the Year in 2008 and a regular President's Club member, we provide value based products and services based on client needs. This means a stable employment environment with room for growth and development.
